What were the strengths of this student in their capacity as a teaching assistant?

organized, returned work quickly, friendly.
The TA was very on top of grading our assignments and letting us know how we are doing in the class.
I didn't go to class.
able to explain concepts in multiple ways
very patient and friendly
1. Clear explanations. 2. Attended every class with us so she knew what we were referring to when we asked about points raised during class
Was helpful in explaining problem sets, graded quickly
I never asked the TA questions for this course, typically I just went to professor Sanders.
She was timely and helpful in her responses to inquiries.
Julia is super knowledgeable, helpful, and friendly. Goes out of her way to help out, when I needed a last-minute help, she met me outside her TA hours to help out.
I didn't really interact with her but on the one time I did she explained the material to me.
I think she was very helpful in explaining concepts in a way that I would understand them.
Not intimidating to approach

What were the weaknesses of this student in their capacity as a teaching assistant?

A discussion section would have been helpful, but this is not in the TA's contro.
The class didn't stretch my mind in a single way.
